

Virginia Green Events

Profile:

Battle of Great Bridge Chesapeake, Virginia

December 5-6, 2009

Virginia Green is the Commonwealth of Virginia's campaign to promote environmentally-friendly practices in all aspects of Virginia's tourism industry. **Virginia Green Events** have been thoughtfully planned and designed to minimize the event's impacts on the environment. This event has met the established "core activities" for *Green Events* and has committed to communicate its activities to its participants. Below is a list of this event's "green" activities that participants can expect.

Battle of Great Bridge

"This two-day event is held the first weekend in December at the Great Bridge "bridge", which is the original site of the Battle of Great Bridge, December 9, 1775. Step back in time with us. The event features re-enactments of two pivotal Revolutionary War battles: the Battle at Kemps Landing and the Battle of Great Bridge. The event also features Revolutionary War encampments, demonstrations, character portrayals, camp life, historical displays and lectures, skilled artisans demonstrating early American trades, and children's crafts and activities."

Green Statement: In support of the City of Chesapeake's mission of conserving energy resources, "Leisure – Special Events" felt Battle of Great Bridge can support this mission by enrolling in the "Virginia Green" program to reduce the amount of waste taken to our landfill, promote car-pooling and increase recycling awareness.

Virginia Green Activities. When visiting Battle of Great Bridge, you can expect the following practices:

CORE ACTIVITIES for Green Events

- ☒ **Recycling.** Events must provide recycling for its participants. Recycling should be highly visible and made available to the public with clear signage.
 - Aluminum Cans, Glass, Plastic Bottles, Cardboard & Paper
- ☒ **No Styrofoam.** Events should eliminate the use of Styrofoam cups and plates. If you must use disposables, use products that are bio-based, paper, or recyclable.
 - Disposable cups, containers and cutlery are recyclable.
- ☒ **Printed Materials.** Recycled-content, soy-based inks, and 2-sided copies -- and quantities should be minimized whenever possible!
 - Use electronic registration, correspondence and forms
 - Print brochures and other printed items on recycled content paper
 - Two sided copying.
- ☒ **Waste Reduction.** Event planners should make a general commitment to reduce the amount of waste generated by their event.
 - Encouraging exhibitors and vendors to minimize wastes and provide for recycling of boxes and other set up wastes.

- Encourage the use of mass-transit, walking, bike riding or carpooling to your event.

☒ **Green Signage.** Event planners must commit to **tell their participants about *how green*** the event is. Event signage should include the *Virginia Green* logo and list all “green activities” practiced in the planning and operation of the event.

- Posted web-link to the Virginia Green Events webpage
- Post signs at registration which lists all green activities
- Use the Virginia Green logo on signs and at recycling centers
